THE RUSSIAN FLEET MAY TRY TO ESCAPE

St. Petersburg Naval Organ Predicts Dash From Harbor---Japanese Movement Against Kuropatkin.

St. Petersburg, Sept. 27, 1:45 a. m.—The naval organ, Kotlin, today published an article predicting that Rear Admiral Wiren will attempt to break out of Port Arthur with his ships and return to Europe.

The paper admits that the tone of reports from Admiral Togo appears to be hopeless, if one takes for comparison Admiral Cervera's attempt to get away from Santiago, but adds that Wiren's men, unlike the Spaniards, have had plenty of war experience.

The Russ and the Invalide both referring in a matter of fact way to the imperial rescript issued on Sunday, simply say it was necessitated by the fact that the Manchurian army has grown beyond the size which even Napoleon found one man could handle successfully.

The Russ adds that General Kuropatkin will be allowed to assume supreme command and reap the fruits of ultimate victory, for which he has so long carefully and self-sacrificingly prepared.

Indications are discovered at St. Petersburg that the Japanese are planning a flanking movement against General Kuropatkin's left to compel retirement from Sinkiesan.

General Kuroki is supposed to design crossing the Hun river at a point considerably east of Mukden, from which he is expected to move down that stream and co-operate with an army from Sanchen, while General Oku and Nogi hold General Kuropatkin south of Mukden. Japanese attacks on Dalpass and Sanchanghan are regarded as confirmation of this theory.

Outposts of Generals Oku and Nogi have been in conflict with Cossacks between Benitsiapatze and the railroad.

No news has been received from Port Arthur.

Russian Excesses.

London, Sept. 27.—The Daily Mail's Liaoyang correspondent says:

"The discovery in abandoned Russian headquarters here of a number of documents has orders from Alexeieff to leave wavering officers for abandoning positions and for drunkenness, etc., and admonishing officers for harsh treatment of Chinese, waste of ammunition and other offenses reveals an amazing lack of discipline in General Kuropatkin's army."

Telegraphing from Chefoo the correspondent of the Daily Mail says:

"Photographs received from Port Arthur [illegible] September 13 show that piles of coal stacked on the Tiger's Tail at the beginning of the war are still there."

IRISH UNIONIST ALLIANCE

Plan Formulated by Committee on Organization of the Irish Reform Association

London, Sept. 26.—The executive committee of the Irish Unionist alliance tonight issued a statement regarding the plan formulated by the committee on reorganization of the Irish Reform association which was adopted at a meeting of the association on Friday. The statement says:

"The Irish Reform association is in no sense representative and the program adopted by it is altogether contrary to the principles which have always animated the great body of Irish Unionists."

The committee condemns all the propositions of the Irish Reform association as dangerous and holds that safety for the union is to be found only in equal treatment for every part of the United Kingdom.

The plan of the Irish Reform association contemplates the constitution of an Irish executive council of 41 members under the presidency of the lord lieutenant and with the chief secretary for Ireland as vice president to administer the $35,000,000 expended annually on Irish service, parliament, however, having the power to veto of the council's decisions. The program further suggests the creation of a board, consisting of Irish peers and Irish members of the house of commons to have supervision of all private bills affecting Ireland and any other Irish business that might be referred to it by parliament.

Mr. Wyndham, the chief secretary for Ireland, writes to the press commending upon the progress of the Irish Reform association, because he explains, silence might be misinterpreted or misunderstood. He declares without reserve or qualification that the Unionist government is opposed to the multiplication of legislative bodies within the United Kingdom whether in pursuance of the policy of home rule for Ireland or of that known as "home rule all round."

In spite of Irish objections to the proposed finance council, Mr. Wyndham contends that the instruction of existing departments dealing with Irish finance to make way for the construction of some other body unduly administrative, is outside the sphere of practical policies.

SENATOR LODGE ADVOCATES A POLICY OF RECIPROCITY

Newton, Mass., Sept. 26.—Senator Henry Cabot Lodge was the guest of the Newton club at dinner tonight and in a speech following the dinner advocated a policy of reciprocity that would bring compensation to the United States for concessions made, and not prove inimical to the American interests.

Senator Lodge said he had been asked to speak on the subject of reciprocity and the relation of the two great political parties to that question. He continued:

"Every one is in favor of reciprocity with any other power, which will enlarge our foreign markets, provided that such reciprocity or other similar policy does not involve a greater sacrifice than the proposed enlargement of the foreign market is worth. But because I favor reciprocity under these conditions I do not promise to support any scheme of legislation or any treaty that any one chooses to label reciprocity. I must reserve my absolute right to judge the merits of this scheme when it arises, in accordance with what I believe to be the best interests of my country and my state.

"Either the Democrats do not favor reciprocity or they do not favor a reduction of duties, because the two together are impossible and incomparable. I should be glad to vote for reciprocity treaty with Canada or any other country which was beneficial to our business interests and not injurious to American industry, agriculture or labor. But there is no use in shutting our eyes to the practical difficulty which the history of these treties discloses. I think we should consider very carefully whether the true way to improve our foreign markets is not by general legislation, which will bring a general reciprocity and which shall bear equally on all parts of the United States and if successful bring benefits to the whole country."

PARKER'S PENSION POLICY IS SCORED

Speaker Cannon Makes Characteristic Address in Nebraska---Parker's Prototype in Pilgrim's Progress.

Hastings, Neb., Sept. 26.—Speaker Cannon continued his tour of Nebraska today. His principal speech was made here this afternoon. Speaker Cannon took up and discussed that part of Judge Parker's letter of acceptance relating to the president's order providing for a graduated pension scale.

Speaker Cannon reviewed the history of the law under which the order was made and the construction placed on it by Presidents Cleveland and McKinley and continued:

"Now, then when this order of Roosevelt's was issued the dickens was to pay, although along the same principle and in the same manner as formerly issued by Cleveland and McKinley, and they have been raising a row about it ever since, talking of executive usurpation. In Parker's first acceptance by speech he complained of the expenditures of the government under Republican rule and Roosevelt came back at him and said: 'How are you going to cut down these expenditures? Are you for the repeal of that executive order relating to the soldiers?'

"And Parker now comes back in his letter of acceptance just issued and says: 'If I am elected president I will repeal it. I will use my influence with congress to pass a bill giving an age service pension to the soldier that performed service in the civil war.'

"I ask: What age, Parker? What age? Will it be 70, 65, 62 years or what? Indefinite still you are and probably not sincere, but suppose you are elected president, Mr. Parker, and you use your influence, what will that bring in the meantime? From 25,000 to 50,000 people will have their pensions taken away while you promise to use your influence to have congress pass a service pension law without stating the age you propose to recognize.

"Now, I ask you, Mr. Parker, if you are elected president, who will control the house of representatives? Will not two-thirds of the Democrats in that body be made up of members from the south and are they liberal people with pensions for the union soldiers?

"Let us read a chapter from the history of pension legislation as it stands on the statute books today. There are fourteen bills that have been passed from time to time and these bills form the pension code. Who passed them? Democrats for the bills, 412. Democrats against the bills, none. That shows how the record of the vote upon these measures stands. Is there any hope for Mr. Parker's influence to be effective? He is to take pensions away from thousands of people and only replace them by a promise to use his influence with a party in congress that has a notorious record against that very thing.

"Let me ask you, have you ever read Bunyan's Progress? Great book, great allegory! There was a Christian and there was Faint Heart and there was True Heart and there was Mysterious Facing Both Ways. I say to you that if Parker had lived then that character in that book would not have been Facing Both Ways but it would have been Parker."

TRINIDAD MAN KILLS COAL MINER

SHOOTING OCCURRED AT RATON, N. M., DURING A QUARREL IN A SALOON.—CONSIDERABLE EXCITEMENT CAUSED.

Trinidad, Colo., Sept. 26.—During a quarrel in a saloon at Raton, N. M., tonight, Jack Dowd, of Trinidad, formerly a Santa Fe engineer, shot and killed William Willis, a coal miner employed at Raton. Dowd was immediately arrested. There is considerable excitement among Raton coal miners over the killing, but the officers fear no further trouble.

STIRRING UP REBELLION

Democratic Agitators Are Exciting the Filipinos

INCIPIENT INSURRECTION

DISCUSSION OF CAPACITY FOR SELF-GOVERNMENT GIVES NATIVES OF RECKLESS CHARACTER DESIRE FOR INTRIGUE.

Washington, Sept. 26.—President Roosevelt is in receipt of a letter from Luke E. Wright, governor of the Philippines, in which the governor discusses frankly some of the conditions which he encountered in directing the government of the islands. Under date of August 15 General Wright wrote in part:

"The effect of the continued discussion of the capacity of the Filipino for self-government and his immediate or ultimate independence is having its effect here and makes our task more difficult than it otherwise would be. The less a man is equipped with intelligence and those qualities which make for good citizenship the more easily can he be persuaded that he is the possessor of all these qualities. These people have their full share of ambition and vanity and they also have their full share of reckless, half-formed characters who are ready for intrigue in any direction which promises them profit or power. It is this class which has largely given force and direction to the Aglipayan movement and has recruited its ranks from the ignorant and dangerous elements.

"In this general connection I may say to you as a matter of information that the agitation in the United States for Filipino independence and the spoken and written utterances of prominent men there who are urging it are all brought here and published in the native newspapers and are being made the text of editorials insisting that the Filipino people are now ready to become an independent nation. Those of the more prominent and best educated and who naturally have their ambitions are inclined to join in the general cry."

INVESTIGATION OF DEATH AT AKRON

MANY UGLY RUMORS AFLOAT CONCERNING DEATH OF GEO. TUTTLE WHO WAS RECENTLY ON TRIAL.

Akron, Colo., Sept. 26.—Many ugly rumors are afloat concerning the death of George Tuttle, who was recently convicted of complicity in the murder of Joseph Meenan. In the room where the body was found the table had been overturned and the dishes were scattered about on the floor and other things might indicate a struggle. Whether the dying man in his last agonies created the havoc or whether he was attacked by an assassin is not determined.

Dr. N. J. Phelan held a postmortem examination at midnight last night and found a severe bruise on the head. He expressed the opinion that death was due to this wound alone and that it was occasioned either by a blow from a blunt instrument or by a fall.

Those who say death was due to natural causes point to the fact that the dead man had long been a sufferer from asthma and argue that being seized with a fit of coughing he overturned the table dishes in his last struggle for breath and then fell across the bed.

An inquest will be held.

FIVE UNIDENTIFIED BODIES FROM WRECK

DEATH LIST IN SOUTHERN DISASTER STANDS AT 62 WITH FOUR OR FIVE OTHER PERSONS LIKELY TO DIE.

Knoxville, Tenn., Sept. 26.—No additional deaths of injured have occurred today and the death loss of the Southern wreck near Newmarket on Saturday last still stands at 62. All of the injured at the Knoxville general hospital are reported doing well and only four or five are so desperately wounded that death is likely to result from their injuries.

A body which was identified early Sunday morning as that of G. S. Fox, Birmingham, Ala., and sent to that city, was returned here today accompanied by two brothers of Mr. Fox. The body turned out to be that of J. M. Daly, a commercial traveler of Detroit.

The brothers of Mr. Fox went to the morgue and identified a body there as that of their brother.

Today has been one of sorrow for this city. Twelve funerals of victims of the wreck were held. One was a double funeral at which two aged sisters were buried, and at another a mother and daughter were buried and still at another service was held for a mother and her two little children. Many of the leading officials of the Southern are still here and will remain until the damages can be settled so far as possible.

Today at the scene of the disaster a huge bonfire was built and the mass of kindling wood was burned together with small pieces of decaying flesh. Of the list of 62 dead only five bodies now remain to be identified. Four are white men and one colored. They will probably have to be buried in nameless graves. Two of the white men may be traced. One wears a masonic badge and has the initials "G. B." on his person. The only [illegible] of identification of the other body is through his watch made by A. C. Kolbach, works No. 193,814.

A SERIOUS BLUNDER BY POLICE JUSTICE

Third Secretary of British Legation Fined in a Massachusetts Town---An Offense Against U. S. Statutory Law.

Pittsfield, Mass., Sept. 26.—Hugh Gurney, third secretary of the British embassy, was today fined in the police court at Lee on two charges.

For contempt of court he was fined $25. A similar fine was imposed in a case charging him with speeding his automobile in excess of the [illegible] Sunday.

Mr. Gurney, when arraigned, positively refused to speak, claiming that as he was the third secretary to his Britanic majesty, he could not, under international law, be arrested or held for any crime. Special Justice Phelps said he did not recognize international law in his court and informed the defendant that he must enter a plea. Mr. Gurney persisted in his refusal. Then a fine was imposed for contempt of court.

Mr. Gurney did not have in his possession sufficient money to pay the fine and he was committed in the charge of the officer who made the arrest. The officer accompanied Mr. Gurney to Lenox where the money was secured.

A Serious Matter.

Washington, Sept. 26.—Notice of the action of a special justice at Lee Mass., in fining Hugh Gurney, third secretary of the British embassy, was received at the state department in a telegram from Baikes, first secretary of the embassy, who is at Lenox.

The department immediately transmitted this telegram in substance to the governor of Massachusetts, with the suggestion that he do whatever might be necessary to secure the diplomatic immunity of Mr. Gurney.

It is believed at the department that the matter will be far more serious than the local officers at Lee seem to regard it. In the first place, by constitutional and statutory law the persons attached to an embassy are expressly relieved from any legal responsibility, and the exemption even extends to domestic servants. Section 4062, revised statutes, declares that any writ prosecuted in any court of the United States or of a state or by any judge or justice intended to cause the arrest or imprisonment of any public minister or his servant shall be void.

Fine and Imprisonment.

The succeeding section, 4063, revised statutes, provides that every person by whom any such process is obtained or prosecuted, whether a party or attorney, and every officer concerned in its execution, "shall be deemed a violator of the law of nations and a disturber of the public repose and shall be imprisoned for not more than three years and fined, at the discretion of the court."

It will remain for the governor of Massachusetts to take initial action in this case which will require prompt redress.

The last important precedent occurred in 1842 at the picnic resort of Bay Ridge, near Baltimore, when Mr. George, an attache of the Swiss legation in Washington, was arrested by a county sheriff on the charge of being a pickpocket and was subsequently treated in a humiliating manner by the local authorities. The state department secured his release at an early moment through the governor of Maryland, who had caused the dismissal of the offending deputy and extended an apology for the incident. Though the Swiss minister might have pressed further punishment he accepted what had been done as sufficient, but the matter was deemed of such importance that it could not give this notice to our government until the Swiss federal council had formally considered the case and approved [illegible]

PLOT HATCHED IN GENEVA

Russian Authorities Blame Swiss Laws for Sheltering Political Refugees.

St. Petersburg, Sept. 27, 1:45 a. m.—While some of the features of the plot which culminated in the assassination of M. Plehve, the minister of the interior, still baffle the police, the authorities profess to be now perfectly certain that the conspiracy was hatched in Geneva by half a dozen Russians, mostly Jews.

The authorities know the names and addresses of the conspirators, but are unable to take legal action against them, owing to the failure of the laws of Switzerland to interfere with political refugees and therefore Russian revolutionists are at liberty in their haven in the Alps, to continue the work of assassination of Russian ministers so long as they are able to find emissaries willing to risk their lives, the organizers never venturing to carry out their own designs.

"Six men who engineered the Von Plehve plot, according to the result of the police investigation, are declared beyond shadow of doubt to have organized the series of political crimes, with the exception of the murder of M. Bobrikoff, the governor-general of Finland, which series began with the assassination of M. Sipyagin, minister of the interior, on May 15, 1902, and ended with the blowing up of Minister Plehve on July 28, of this year. Gerschuni, whose plot resulted in the assassination of Minister of the Interior Sipyagin, on April 15, 1902, was, it is now known, not only an accessory of these Geneva terrorists.

"For the first time the fact is now revealed that M. Plehve's murder had been preceded by an attempt to assassinate his person, which the department of police frustrated by the arrest of the would-be assassins, who were quietly imprisoned or banished. Only one of these attempts has hitherto become public and that was revealed by the accidental explosion of a bomb in the hotel Du Nord, in St. Petersburg.

Sazonoff and two of his accomplices have confessed that he threw a bomb into the coach the occasion of the assassination. Bernstein, the other accomplice, obeying the injunction of the terrorists, refused to make any statement.

DEPORTEES SAID TO BE SCATTERING

MEN EXPELLED FROM CRIPPLE CREEK ARE NO LONGER WAITING IN DENVER FOR CHANCE TO GO BACK.

Special to the Gazette.

Cripple Creek, Sept. 26.—G. S. Hoag, assistant secretary to the Mine Owners association who returned from a short visit in Denver yesterday, reports that the deportees from the Cripple Creek district are thinning out materially in the Capital city. In reference to the disappearance of the men Mr. Hoag said:

"Several weeks ago nearly all of the deported men from the Cripple Creek district could be seen on the streets of Denver. Today there are only a few of them remaining in that city. Yesterday I was in various parts of the town and only met two of the men in my travels. This goes to show that they have given up the idea of expecting to return to the district. It also shows that the Western Federation leaders now look upon the Cripple Creek strike as a lost cause."

A. B. Schilling, a prominent dry goods merchant who has just returned from an extensive trip through the east brings confirmation of the reports of Federation stories that have been circulated against Cripple Creek. Mr. Schilling said: "Nearly every business man in the east told me we must remember our present governor. The substantial people of the east in viewing the situation here are fully alive to the fact that deceptive reports went out in the beginning. However the reaction has set in with marked effect."

ADDITIONAL DEMOCRATIC NOMINATIONS MADE.

Denver, Sept. 26.—The Democratic city and county convention reassembled today on call of the chairman, to complete the ticket begun a week ago. Harry Lindsey, the present district attorney, was unanimously renominated and the following legislative ticket was chosen: For senators, Michael Delaney, Sr., Samuel W. Belford, Theodore McGuire; for house members, Dennis W. Mahle, John J. Tierney, Joseph [illegible] Bailey, [illegible] Mrs. Anna Barry, Max Morris, George A. Collins, Peter Gorman, John W. FAIRBANKS ON IRRIGATION

CANDIDATE FOR VICE PRESIDENT SPENT A DAY OF CAMPAIGNING IN MONTANA AND MADE EFFECTIVE SPEECHES.

Billings, Mont., Sept. 26.—Senator Fairbanks spent the greater part of the day discussing irrigation. The day was devoted to a tour of Yellowstone county, beginning at Glendive on the eastern border of Montana and closing at this point, not far from the center of the state.

Ex-Senator Carter, who was a member of Senator Fairbanks' party, came in for much praise as one of the early movers in national aid to irrigation from both Senator Fairbanks and Dolliver.

Stops for political meetings were made during the day at Glendive, Miles City and Forsyth and the night was spent here, where a largely attended and very enthusiastic meeting was held.

Here Mr. Fairbanks returned to the irrigation question, discussing at length the effect of the reclamation act. He recalled senate recommendations for national aid made by Senator Carter when he was commissioner of the general land office in 1891 and after dwelling at length upon the general question of irrigation said: "I mention a fact [illegible] of President Roosevelt's aid in securing the enactment of the existing law.

In discussing the irrigation law Senator Fairbanks said:

"After a Republican congress enacted the irrigation measure upon the recommendation of a Republican president, a Democratic convention has the effrontery deliberately to claim that Democracy is the author of the irrigation policy."

Referring, without mentioning the Democratic candidate's name, to Judge Parker's reference to President McKinley's Buffalo speech, he added:

"Our Democratic friends quote President McKinley's speech at Buffalo in support of commercial reciprocity. It will be observed that they do not quote all that was said by the great president and which is necessary to a fair understanding of his speech upon the subject. SIGNS POINT TO ROOSEVELT

Walter Wellman in Giving Political Outlook, Says Only Hope of Parker Leaders Is in a Revolution in Public Sentiment.

This is the outlook from a non-partisan standpoint, six weeks before the election: Of the eleven so-called doubtful states—New York, Connecticut, Rhode Island, New Jersey, Delaware, Maryland, West Virginia, Indiana, Montana, Nevada and Colorado—neither side appears to have the advantage in New York, Montana or Colorado. In Maryland the Democrats are pretty sure to win, and probably in Delaware and Nevada. In Connecticut, Rhode Island, New Jersey, West Virginia and Indiana the Republicans now have a safe lead. What will be the situation six weeks hence?

WALTER WELLMAN.

New York, Sept. 26.—What is the campaign outlook?

Is there any chance for the election of Judge Parker over President Roosevelt?

It is only six weeks to the day of balloting and these are questions which a great many people are asking. [illegible] little or no interest in the discussion of campaign issues, because as a matter of fact there are none, but it is tremendously interested in the campaign outcome.

In this dispatch I propose to make a rapid survey of the field, based on information and opinion gathered from both the Republican and Democratic managers here at national headquarters—a sort of consensus of belief as to the probabilities at this time. It is well to remark that this must merely be a preliminary survey, subject to change later on if conditions change. The Democratic managers do not attempt to conceal their belief that as things stand today President Roosevelt is the victor, but they talk confidently of the revolution of public sentiment that is to occur before election day. Whether or not any such change is impending is, of course, a matter of opinion. Several weeks ago the Democratic leaders told me the same thing, and warned me to look out for an awakening that would push their candidate to the front. I have been waiting for it ever since, and am still looking for it. As yet it has not come so far as we can discover. If it is actually coming, it is about time it made its appearance. The time is getting short.

The Battle in New York.

In New York the most capital question is that the chances are about even. Publicly both sides claim the state, of course. But privately both Republicans and Democrats admit that it is a very close thing. Each hopes and neither has confidence. There is nothing on which to base confidence. No complete poll has been taken by either side. The Republicans have polled certain counties and are encouraged by the showing made. But as a matter of fact neither side knows where it stands. Both base their claims and their hopes on generalities.

My personal opinion is that New York [illegible] Republican plurality outside the metropolis, and about the same Democratic figure in Greater New York. As it looks today, superficially, there is no margin for either side to go on. We cannot know much about New York for several weeks, or till after the final campaigns have made their polls, and meanwhile any man's guess is good as another's. I should not be at all surprised to see Roosevelt carry this state by [illegible] votes, and the Democrats elect their candidate for governor because of popular dissatisfaction with the Odell regime.

New Jersey Republican.

As to New Jersey it is admitted that the Democrats have only a fighting chance. It will be one of the surprises of the year if they carry the state for Parker. On the other hand, the Republican leaders admit the plurality is to be cut down. The 87,000 off 1896 fell to 37,000 in 1900, and will probably drop to 20,000 in 1904.

So far as I can learn the Republican leaders have no anxiety at all as to it dropping so low as to approach the danger point. Their only fear is that in the sliding two or three congressional districts may be placed in jeopardy.

Leading Democrats tell me they really have no hope of carrying New Jersey, but that they intend putting up a fight that they can be sure their chances are everywhere somewhat desperate and the best they can do is to fight all along the line. Practically New Jersey may be regarded a safe Roosevelt state.

Pretty much the same thing is true of Connecticut. [illegible] quite sure of the state and the Democrats entertain only a hope that "some thing may happen." Since the elections in Vermont and Maine the Parker people have virtually abandoned all idea of making any gains in New England. Certainly Jersey [illegible] more than of Rhode Island than of Connecticut. In the smaller state Republican conditions are not harmonious and the labor element is a sure sign of plumping pretty heavily for the Democrats, not because they dislike Roosevelt, but because they "have it in for" Senator Aldrich.

Though the chances in Rhode Island are of course heavily in favor of the Republicans, the young Davis will be watched with much interest. It would be queer, indeed, if a state which has profited so much by the Republican policy of protection should desert the high tariff party at this juncture.

Maryland is regarded as fairly safe for Parker by every man of good information. It is true that Mr. Roosevelt is striking an unusually strong support from the business element of Baltimore, including the Jewish merchants, who are almost to a man for the president. It is true also that among the Democrats there is a bitter protest against Senator Gorman's rule of their party, and a desire to throw him down. But notwithstanding these facts, Maryland must be regarded as Democratic this year on information now at hand. Delaware is probably for Parker, too.

Devis' State for Roosevelt.

West Virginia is a state the Democratic managers have relied upon with a good deal of confidence. Until recently I had supposed their hopes were well based. But information now comes to me from Democratic sources which indicates that West Virginia is safe for Roosevelt. A well-known Democrat of that state, who has been active in its politics for many years, writes me that there is no hope for his party.

"The truth is," he says, "that West Virginia is a Republican state. It was once Democratic, but the influx of negroes from old Virginia and other southern states, and of Republican mechanics from Pennsylvania and Ohio, has made it Republican. Ninety-nine out of every 100 negroes vote the Republican ticket straight."

Reports are in circulation here in New York that Senator Elkins is not giving much support to the Republican ticket this year. Chairman Cortelyou is wholly satisfied with Senator Elkins' attitude. No one expects him to lead the fight against his father-in-law. Good taste requires him to remain in the background. But between the lines [illegible] and the Republican leaders are not worrying as to what Senator Elkins is likely to do or not do.

Taggart's Gamble in Indiana.

Indiana, no doubt, is fighting ground, with the odds very much in Roosevelt's favor. Tom Taggart's scheme to buy the state at the last minute is thus sized up by a man of excellent information:

"Tom believes there is a chance. He has started his organization on the basis that if the money can carry Indiana the money is to be had. He has told his fellows out there: 'Work it down to a fine point in every precinct in the state, let us know just where we stand. If you can show me that a half million dollars will do the trick, I'll furnish the stuff. But we don't want any guessing about it. We want to know. If it can't be done, why, we'll save our money. Now get out and hustle and find out just where we stand.'"

I believe the foregoing is an accurate statement. Taggart is encouraged to believe a good deal of money may win at the last minute because the Republican workers are not on a keen edge in Indiana this year. They worked like Trojans for McKinley and Hanna, but there is no enthusiasm that they are eager to wade through the mud for Hanna and Cortelyou. Hence, they are over-confident and not very harmonious. Too many men undertook to step into Hanna's authorial shoes.

On the other hand, I am told on good authority that Taggart's local people have reported to him that about 15 per cent of their Democrats in Indiana are disgruntled and intend to vote either for Roosevelt or Watson. This is the same report he receives from Indiana. Below the surface, however, it may not there [illegible] Democrats [illegible] Roosevelt [illegible] Democrats [illegible] Many voters say they [illegible] There is [illegible] The E[illegible] are [illegible] Wash[illegible] At the time there [illegible] in these states [illegible] New York [illegible] Roosevelt [illegible] Roosevelt [illegible] Roosevelt

STATE CHAMBER OF COMMERCE

Colorado State Realty Association Lays Plans for the Coming Year.

Work looking to the development of Colorado was inaugurated in a manner [illegible] by the Colorado State Realty association [illegible] Springs, A. J. Wescoff of Pueblo, [illegible] P. Forbes of Colorado City, Mr. [illegible] A. C. Kissing of Fort Collins, and [illegible] Zeph Chas. Hall, and Geo. S. Van Gilder of Denver, have been in the city the past four weeks mapping the work for the coming year. The plans that have been made look to a great increase in the association into a trade association of the chamber of commerce. The change [illegible] means that the association will lose sight of its original purpose, to advertise the resources of Colorado, but a broadening of the work.

To Build Up Entire State.

The association has no selfish motive and its work is for the upbuilding of the whole state. The bureau at 206 Eighteenth street during the last four months has directed hundreds of tourists through the state and assisted through the immediate efforts of its officers, 22 investors and has placed scores of families in homes throughout the state besides distributing hundreds of pounds of advertising matter through the eastern states and to tourists. Many direct results have come through the lectures of Mr. and Mrs. McClure which were delivered throughout the states in the east under the auspices of the association.

Mr. and Mrs. McClure will still conduct lecture tours and in addition it is proposed to place two other lecturers thus extending the work three-fold. The objects of the most important committees are:

To devise means of creating public sentiment in favor of using Colorado made goods and encourage location of manufacturing institutions among the [illegible] enterprises, of smaller resources already established, exhibit the productive or manufacturing resources of the state in the form of goods in other states.

In Agriculture.

To promote an practical development of the agricultural district, working in conjunction with the department of [illegible] chemistry, [illegible] experiment stations, [illegible] to encourage [illegible] in the state.

To carry into the counties adopted by the association and to work with the special committee that may be appointed for the preparation of special legislation, [illegible] the legislature and which are to be taken to [illegible] by the association protect the interests of the state and the membership of the association by defeating means by which proposed laws which are believed to be detrimental to Colorado may be prevented from passing either the legislature of Colorado or the congress of the United States.

Committee on Legislation.

To act with the committee on legislation in the improvement of roads, increasing and in protecting the interests of the state in the equalization of taxation and in the prevention of permanent tax measures which may be presented for the action of the legislature.

The association has more than doubled its membership in the last 12 weeks and rapidly propelled out for its work will embrace almost every town in the state and by these means a fund fund for the exploitation of Colorado's advantages will be secured, in addition to the looking after the really interests of the state the members will bend their energies to securing new capital for the development of Colorado's unlimited resources.

NO CHANGE AT THE TELLURIDE

REPRESENTATIVE OF NEW YORK INTERESTS ARRIVES AND SPENDS DAY WITH COUNSEL OF LOCAL CREDITORS.

There were no developments of consequence at the Telluride mill of the General Metals company at Colorado City, yesterday.

Attorneys representing the creditors appointed by Judge Hall of the federal court of Denver, came down in the morning to take charge of the plant only to find that the local creditors had taken the case into the federal court at Denver.

A meeting of interested counsel was held at the office of Judge A. T. Gabbell, representing the General Metals company, at which the affairs of the concern were discussed. Later in the day another conference was held at the offices of Hall, Babbit & Thayer. It was announced, however, that there was nothing new to be given out.

S. B. Menken of New York is here representing Alfred Roeder, Jr. As a result of conferences being held there may be new developments today. Meanwhile, the plant is in the hands of the federal officers from Denver, who are acting under the order of Judge Hallett, of the United States court.

"GIRL FROM DIXIE"

It Has a Thread of Delightful Sentiment That Breathes of Southern Nights and Idle Days.

A bevy of delicate perfumes and sweet perfumes—a magnificent melange of soft pure tones and plantation melodies—a theme spread of a story about which to weave the southern sentiment.

That's about all there is to "A Girl from Dixie."

But, in its great simplicity, "A Girl from Dixie" has a very soothing charm, a dreamy sort of atmosphere that breathes of long nights and idle days and tells a story that is all romance. There is the delightful quality of forgetfulness in all that's said and sung in "A Girl from Dixie"—one doesn't care whether [illegible] or not under such delightful influences. [illegible]

There isn't much worth taking about in "A Girl from Dixie," but everything in it is worth while. There is D. L. Don, for example, whose fortune is in his face. He wasn't at his best last night, but he was pretty funny at that, and is really a small edition of Frank Daniels, who will make our stages none tonight.

The "girl," Genevieve Day, fits the character to a nicety. She has a voice that is distinctly pleasing without being comparable to anything great, and in looks she is a pretty stage picture.

The scenery idea is prettily carried out in the chorus, and the male parts are introduced in original fashion at several stages of the play.

The old darky, of course, is there, and there are other characters, including the "English lord," who do their share in "A Girl from Dixie."

The music of the kind that is sung on moonlight nights—catchy and comparable, and altogether Harry B. Smith is to be congratulated on his experiences "Girl from Dixie."

Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence Co., N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well-known kidney medicine and other remedies that were recommended, and got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." For sale by Heller-Arcularius Drug Co.

BIG SHIPMENT OF ARKANSAS VALLEY MELONS

Mr. Wm. McCune and family, of Pittsburg, Pa., are spending a few days in Colorado Springs, guests at the Antlers. Mr. McCune represents a firm which handles the greatest number of cantaloupes in the Arkansas valley and is now en route to the coast, where he will have entire charge of the California shipments for the same firm. During the present season the firm shipped a total of 10 cars of cantaloupes, or nearly 8,000 crates.

TO WAHPANOLA AND RETURN BY AUTO

Mr. and Mrs. Tracy L. Scott have returned from an automobile trip to Wahpanola. Colo. All went well and heavy rains were encountered. The trip was made in six hours each way, which is considered very good time. The car used by Mr. Scott was a Ford from the stage of the Antlers Automobile company on North Nevada avenue.

THE VAN BRIGGLE SALE AT FOLTZ & HARDY'S

The Demand for Van Briggle's Pottery Is So Great That the Sale Will Be Continued All This Week.

100 NEW PIECES JUST ADDED.

So great has been the demand for Van Briggle Pottery during the past week that it has been thought wise to continue the 25 to 50 per cent discount sale at Foltz-Hardy's all this week.

A hundred choice pieces that were shipped from Foltz-Hardy's Pueblo store were received Saturday, bringing [illegible] together with a new lot from the Pottery in addition to the regular stock, giving a display of more than ordinary interest.

Persons who may wish to secure a few more bits of this noted ware either for permanent preservation or for gifts to send east, should not let this opportunity slip.

The prices on some vases are half and even less than formerly. In all cases the reduction is so great that it brings the ware within the reach of everybody.

By the exercise of a little care in the choice it is possible to secure a very creditable example of genuine Van Briggle at $1.00, $1.50, $2.00, $2.50 and $3 for per piece. The same vases sold formerly at $2.50, $3.00, $4.00, $5.00 up to $15 each.

As the expenditure of $4.00 or $5.00 on a $15 vase was a little more than some people could afford, the Van Briggle vases were [illegible] to be worth [illegible] as much again.

The boxes that have been [illegible] to Van Briggle Pottery in the form of a [illegible] of the Paris Salon, have proved a happy [illegible] for the [illegible] of the Pueblo [illegible] month.

At Pueblo it is reported to everyone to pay a visit to the Foltz-Hardy store during this display [illegible]

OLD RIO GRANDE MEN ARE COMING BACK

Denver, Sept. 26.—The Republican tomorrow will say:

John M. Walker, formerly chief train dispatcher of the Denver & Rio Grande, has been decided upon as the superintendent of telegraph. The appointment, it is said, will become effective October 1.

W. G. Hendrie, at present superintendent of telegraph of the Rio Grande, has resigned, it is said, and will go to an eastern road.

The current report that several former employes of the Rio Grande are to return to the company is said to be correct, but few names of those men are [illegible] that C. A. Fuller, who was at one time superintendent of telegraph, is not to return.

ALLEGED DESERTER SAVED FROM SENTENCE OF DEATH

Washington, Sept. 26.—The president has disapproved of the findings and sentence in the case of Fred H. Show, who was alleged to be a member of company M, Twentieth infantry, and who as such was tried by court martial and convicted under charges of desertion and of misconduct in joining the enemy and sentenced to death. It was found upon review of the case at the war department that Show had practically been discharged from the military service of the United States by competent military authority in the Philippines in June, 1902, and at the time he was arraigned he was no longer amenable to trial by court martial. TWO NEGROES KILLED AND THREE FATALLY INJURED

Memphis, Tenn., Sept. 26.—Two negroes were killed and three fatally wounded in a row near Lynchburg, Miss., 15 miles south of Memphis, today. The shooting took place on the plantation of J. J. Johnson, who, with his sons and friends, went into a field to gather a load of corn. The field was worked on shares by a negro family named Kennedy. As the white men were driving through the field, a fusillade from a party of blacks met them. The fire was returned, with the result that two negroes were killed outright and three were fatally shot. A number of whites joined the Johnson party and are now searching for others of the attacking party. The names of the dead and wounded are not obtainable [illegible]

LADY CURZON'S CONDITION IS SOMEWHAT IMPROVED

Walmer Castle, Kent, Sept. 27.—2 a. m.—The oxygen treatment of Lady Curzon is being continued, but the oxygen is administered in less quantities and the patient is taking nourishment better.

Lord Curzon, for the first time in a week, ventured out for a walk on the sea front yesterday. Arrangements have been made to keep Mrs. Editor, who is a passenger on the steamer Vederland, informed by wireless telegraphy of the condition of her daughter.

SIGNAL SERVICE MEN WERE HERE YESTERDAY

Fifteen telegraph operators of the United States signal corps from Bedloe island, N. Y., and fifteen from Washington, D. C., spent several hours in Colorado Springs on their way to San Carlos, of the United States signal corps at Bernina Barracks, Calif. From here they will go to the present seat of military activities in Mindanao, Philippine islands. Lieutenant Johnson was in charge of the party. A party of fifteen recruits in charge of Sergeant Wurdle of the Fourth United States cavalry, also passed through the city yesterday on its way from Fort Duchesne, Utah, to Jefferson Barracks, St. Louis.

LEADVILLE MAN DIES AS RESULT OF RUNAWAY.

Leadville, Sept. 26.—Fritz Fiedler died today from the results of injuries received in a runaway several days ago. Fiedler and his wife were driving in a buggy up California gulch. The horse became unmanageable and Fiedler, who is an old man and quite corpulent, was thrown from the vehicle and struck against a rock, breaking several ribs and injuring him internally. Mr. Fiedler was a pioneer saloonkeeper of this city.

NEW TELEPHONE FRANCHISE AT COLORADO CITY

N. B. Haines and associates are back of a proposition to install an independent telephone line in Colorado City. M. H. Sparg, of Lincoln, Neb., who has organized companies in other parts of the west, is promoting the enterprise. It is understood that a franchise to operate in Colorado City was granted at a special meeting of the council last Friday, and that a contract amounting to $50,000 is now being negotiated.

RACE IN DOUBT, SHAMROCK DELAYED

G. L. WATSON, THE DESIGNER, REFUSES TO UNDERTAKE WORK—SIR THOMAS HOPES TO OVERCOME OBSTACLES.

London, Sept. 26.—Sir Thomas Lipton's plans for the Shamrock IV are blocked for the time being.

G. L. Watson has declined definitely to undertake the work, but Sir Thomas still hopes to induce him to serve in an advisory capacity. The challenger has intimated that he will race under the old measurement rule, but his secretary told me today that was from purely sentimental reasons.

Sir Thomas had hoped that his first intimation in the New York Yacht Club would be met by a proposal from that club to change the existing measurement rules. He himself will not take the initiative in asking for the change, though all yachting England is clamoring for it to do so. The Yachting World says:

JUDGE PARKER'S LETTER.

CANDIDATE PARKER has succeeded in injecting a little more humanity into his formal letter of acceptance than in any of his previous utterances. He makes a number of definite declarations which may be considered with interest.

For one thing he says that he is a believer in the gold standard. Bimetallism he has contented himself with saying that he believed the standard has been irrevocably established and would act accordingly if elected president. Now he declares that he personally believes in it. This ought to be of interest to his Colorado supporters, including the Hon. Henry M. Teller, Chas. S. Thomas and the rest of them.

Judge Parker attempts to make an issue out of the remedy order issued by the president creating land districts at the age of 62 years. He declares that he would revoke this order, if possible, and then proceeds to affirm that he would do his best to get congress to pass a law repealing the president's order made by President Roosevelt has ample justification in the provisions of the reclamation law, and it has been sustained by congress in making appropriation to cover the outlay made under the new order. Consequently Judge Parker's lamplighting issue will be of no weight whatever with the voters.

Upon the issue of imperialism it is difficult to be second with the utterances of the candidate. He declares that:

"The people of the United States stand at the parting of the ways. Shall we follow the footsteps of our fathers along the path of peace, prosperity and contentment, guided by the everlasting spirit of the constitution which they framed for us, or shall we go along other and untried paths, hitherto shunned by all, following blindly new ideals, which, though appealing with brilliancy to the imagination and ambition, may prove a will-o'-the-wisp, luring our feet from which it may be impossible to extricate ourselves without lasting injury to our national character and institutions."

Just what Judge Parker is attempting to describe by this perfectly obscure will not be clear to the average American, but anything from it or his been nothing in the administration of President Roosevelt, or that of his predecessor, to call forth such an oratorical night mare.

"We have the Philippines and are administering them honestly, faithfully and justly. We are giving them self-government to their fullest capacity, and stand ready to add to their privileges at any time. Nine-tenths of the Democrats of the country believe that this task is being administered righteously. The United States has no foreign complications, is at peace with the world and [illegible] and friendship with none, that it always has. When, therefore, Judge Parker talks of "parting of the ways," "untried paths" and "untried ports" and "brilliant enchantment," he is very evidently carried off his feet by his own rhetoric for the dangers which he discusses simply do not exist.

The remainder of his letter is largely devoted to the usual Democratic campaign talk of extravagance, robber tariff and trust rule. The people have time and again given their verdict upon these propositions, and they will do it once more if once more quite as emphatically as ever when it is presented to them for decision at the polls in November.

IN GOOD COMPANY.

Roosevelt is in good company when he is placed by the Democracy along with Lincoln and McKinley as one of our "unconstitutional" presidents. No Republican wants higher credentials of either his merit or his Republicanism.—Cincinnati Times-Star.

SHALL WE GO FORWARD?

The fact is undeniable that under Democratic rule the American people within living memory have always gone back in prosperity, or merely marked time, while under Republican rule they have always gone forward. Shall we go forward with Republicanism as we have in the past? Or shall we take the chance of going backward with Democracy as we always have in the past? The answer is with the American people.—Chicago Inter-Ocean.

SILENCE IS WISDOM.

Under the circumstances, it is as well, perhaps for Mr. Parker to spend the pre-election months in Europe beneath his own vine and fig tree. His party is divided on all the issues and the platform could be nothing else than eagle and buckshot without raising Ned all along the line. To be [illegible] with such a platform, and candidate [illegible] redescribe be indefinite. And where you haven't anything definite to say, it is the height of wisdom to be silent.—Toledo Blade.

EVIDENTLY WANT FREE SOUP.

The Democratic organs everywhere continue the cry for "free trade," while a lot of the party leaders are vociferously protesting that they are nearly "as good protectionists as the Republicans." The Democratic national committee ought to issue orders for the guidance of the organs, the latter are so apt to forget and run up the free trade flag, when it is the purpose of Candidate Parker and his managers to keep that flag furled until after the election.—Wilkesbarre Record.

[illegible] Great Winchell in this city and its surroundings while making trips to points of interest, is almost a guarantee that the Rock Island will give more attention than ever to advertising Colorado Springs and its environs.

Nor should it be forgotten that President Winchell is a Coloradoan. As head of the Colorado & Southern he was closely identified with Colorado and its development for several years, and it is not too much to expect that his loyalty to the state will continue to be shown now that he is in a position to do so much for it.

President Lowe has in President Winchell an associate whose ability and enterprise have been shown in many ways to the people of Colorado, and with two such men at its head the great Rock Island system may be expected to expand on a large scale.

The fact that these two gentlemen made such a thorough inspection of the system while in Colorado, and also gave much of their time to the inspection of other roads, is an evidence of their interest and faith in Colorado.

When the Japanese found that they had no locomotives on the Manchurian railway they proceeded to send for some to Tokio. Now they will change the gauge so as to make it interesting for the Russians the next time they attempt to use the road.

The corn crop will reach the 2,100,000,000 mark, and the corn belt has money with which to handle it. They have set their corn for fuel in Democratic days. The farmer has a memory and is not looking for a "change."

We still think that it is a mistake to take all the strikers from the streets at the noon hour when there are more people coming and going than at almost any other hour of the day.

Miss M. Carthedge gives some helpful advice to young girls. Her letter is but one of thousands which prove that nothing is so helpful to young girls who are just arriving at the period of womanhood as Lydia E. Pinkham's Vegetable Compound.

"Dear Mrs. Pinkham:—I cannot write Lydia E. Pinkham's Vegetable Compound too highly for it is the only medicine I ever tried which cured me. I suffered much from my first menstrual period. I felt so weak and dizzy at times I could not pursue my studies with the good interest. My thoughts became sluggish. I had headaches, backaches and sinking spells, also pains in the back and lower limbs. In fact, I was sick all over.

"Finally, after many other remedies had been tried, we were advised to get Lydia E. Pinkham's Vegetable Compound, and I am pleased to say that after taking it for two weeks a wonderful change for the better took place, and in a short time I was in perfect health. I felt buoyant, full of life, and found all work a pastime. I am indeed glad to tell my experience with Lydia E. Pinkham's Vegetable Compound, for it made a different girl of me. NEWS NOTES OF COLORADO CITY

INTERESTS OF COLORADO CITY

PRESIDENT BOYLE, PRESIDENT OF THE CHAMBER OF COMMERCE, DISCUSSES A NUMBER OF IMPORTANT SUBJECTS.

Mr. F. Boyle, president of the Colorado City chamber of commerce, yesterday gave out an interesting interview relative to the plans of the State Realty association, as outlined in the Gazette several weeks ago. The Gazette pointed out the fact that the realty association proposed to become a big chamber of commerce. The Colorado City chamber of commerce fully endorses the stand taken by the realty association to devise means of creating a public sentiment in favor of using Colorado made goods; encourage location of manufacturing institutions; assist in the development of smaller industries already established; exploit possibilities of utilizing Colorado products in the manufacturing of goods in other states," said Mr. Boyle yesterday.

Charge of Discrimination.

"Now, in this connection," continued Mr. Boyle, "I want to point out how much the Colorado Springs architects have discriminated against home products in the matter of the Anthony Fort, the Carnegie library, the Standard Club house in Colorado City and the Elks club house in Colorado Springs are the built of Morrison's white brick, our Midland school of Colorado City, red brick; the buildings speak for themselves, and our people point with pride to them and say this material is made at home. But there are a number of other buildings for which the material had to be imported in, and for not good looking, only more expensive. Is there anyone so dull to not know what the architects are using their influence for?"

"Look at the fine rock from the Red Rock canon quarries; these fine blocks are shipped to Denver, Pueblo, and elsewhere, except to Colorado Springs. If the locality association will grapple with this project, they can do some good. There are also thousands of dollars spent on sidewalks, all putting down a shortlived cement walk, while hard brick would make a much more durable and cheaper walk, besides keep the money at home.

Ag to the Ladies.

The ladies of Colorado City have recently organized the Ladies Improvement society, of which great results are expected. They have over one hundred members now, and at a lawn party last week they realized $150. Efforts are made at once to improve the South Side park; improvements in Fairview cemetery are also looked for.

"The secretary of the Trans-Mississippi Com. congress asks to send two delegates to the convention, October 25-29 in St. Louis. We would like to send of the committee on transportation. Before we can expect to draw manufacturing establishments here, Colorado City must be a [illegible] shipping point, the same as Denver, Pueblo and Colorado Springs. Mr. Russell Wray, secretary of the Colorado Springs chamber of commerce, and Mr. McWatters, of the Short Line, are fully aware of the importance of this and are working along that line.

Short Line Enterprise.

Through the kindness of Mr. McWatters, of the Short Line, Colorado City has again received a write-up on the glass proposition in the September issue. Taking into consideration that 10,000 copies of these blue books are distributed all over the east, Colorado City appreciates the favor very much. Our cut especially prepared for the Blue book came too late for the September issue. Mr. McWatters also offers to furnish four carloads of disintegrated granite to Colorado City, if they wish to use the same on the street.

"The new Bear Creek pontoon is now finished, thanks to Gordon Palmer.

As a rule, drawing is not practiced extensively in public schools, the boy who quits school [illegible] to be a [illegible] will not look at a book again, and at the age of seventeen [illegible] that he used to know how to express a square and a cubic rod, measure a circle, take the contents of a barrel or cistern, but he had plumb forgotten it. In Germany the apprentice puts in from 7:30 to 8:30 p. m. twice a week and Sundays from 9:30 a. m. after service in church is over until 11:30. During his term of apprenticeship, and then he likes this work so well, that he will continue the Sunday drawing for years. The schoolrooms are shelved all over, and contain both the models of engines, frames for winding steps, church steeples and work in plaster and pottery. [illegible] have started well here, and are active [illegible] and Colorado City highly appreciate it.

Mr. Roberson's committee are now ready to interview our business men on the Fourth of July celebration matters. The reason for this early step is that Colorado City has had no celebration for several years, and wants to prepare for leaving up one and invite the whole state of Colorado.

STEWART BOY WILL RECOVER

WAS CAUGHT IN BELTING AT MILL AND PAINFULLY INJURED—ACCIDENT HAPPENED AT EARLY HOUR.

Edward Stewart, a 15-year-old boy employed at the United States Reduction Works, had a very narrow escape from death about 5:30 yesterday morning.

He was caught in the belting of the machinery and aside from a broken ankle is injured about the shoulders.

As soon as the boy had been released, Dr. C. J. Tarpill was sent for, and the lad was at once taken to his home on the corner of Eleventh and Monroe, and his wounds dressed. He will probably recover.

BOY ON TRIAL FOR SHOOTING

Sam Marshall Jr., Charged With Attempt to Kill.

LYNN BAXTER ON STAND

JURY SELECTED TO WEAR EVIDENCE—DAY SPENT IN GETTING MEN SATISFACTORY TO BOTH SIDES.

[illegible] of Sam Marshall, Jr., which was [illegible] resumed in the criminal division of the district court yesterday. Nearly the entire day was devoted to the selection of a jury in that it was impossible to get into the testimony in any reasonable time. At 5 o'clock a recess was taken until this morning.

Shortly before adjournment Lynn Baxter, whose life hung in the balance for so long as the result of a gunshot wound at the hands of the defendant, was placed on the stand to give his side of the story of the affair at the North park on the night of June 22.

He told a straightforward story of the affair of his visit to the park to listen to the band concert in company with a friend Frank Wilson and of his subsequent meeting with Marshall and the quarrel and shooting that followed.

The jury is composed of the following: L. A. Fox, J. I. Crawford, F. T. Wattenberg, A. J. Shepard, Marlo Walker, R. L. Walton, E. Y. Lear, E. C. Herman, H. B. Quinby, L. E. Brainard, G. M. Johnson and J. M. Shepard.

The remainder of the morning session against W. S. Hughes, who as clerk in the water commissioner's office was convicted of embezzling city funds, was dismissed on motion of the district attorney in the district court yesterday. The information was of the same general character as the one upon which Hughes was convicted and referred to alleged irregularities in the office of the water department.

In the same criminal case was entered in the case of the people vs. Rob Quinn, charged with assault to rob and the defendant was ordered discharged from custody.

Final naturalization papers have been issued to Mathew Hamp, an English woman by Judge Seale of the district court.

East Inglewood and Mary Laura Cundwell, both of Cripple Creek, were united in matrimony by Justice Thomas Mc[illegible] yesterday. The Finney and Morgan [illegible] officiated at the ceremony.

[illegible] charge of robbery in Justice Thomas McClelland's court yesterday. The case was argued by Mr. J. Bender with the defendant's watch from a lady.

A [illegible] judgment in $[illegible] in the address for a suit filed in the district court yesterday by Mary C. Gamel against Mary C. Gamel.

The case of Robert Lee Johnson [illegible] vs. S. S. Johnson the [illegible] dismissed in the district court upon motion of the plaintiffs.

In the same court the hearing of the case of John T. Dyer vs. E. A. Colburn has been postponed for ten days by agreement.

GIVEN UP TO DIE.

B. Spiegel, 124 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down and a few ago had to abandon work entirely. I had three of the best physicians, who did all they could and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." For sale by Keller-Arcadius Drug Co.

PROHIBITIONISTS TO NAME THEIRS TONIGHT.

The Prohibitionists of the Pike's Peak region will hold a meeting at Phelps's pavilion, 127 E. Bijou street, at 8 o'clock this evening. CENTENNIAL CHAPTER TO HOLD AN INSTALLATION OF OFFICERS

Centennial chapter, Order of the Eastern Star, of Colorado Springs, will [illegible] a charter of the jurisdiction of the grand lodge of Colorado in Denver next Friday.

The installation will take place soon after lunch and will be conducted by the Worthy Grand Matron, Mrs. Josie E. Hoffman of Leadville. The grand patron, John McCouch of Colorado City, will also be present.

The officers whose names appear on the charter are: Mrs. Rexie Brown, worthy matron; Mrs. Maud R. Hufford, assistant matron; and Mr. E. P. Hufford, worthy patron. These officers in company with the other officers of the chapter will be installed. All members of the chapter as well as the Colorado City and Manitou chapters of the Eastern Star will be present to witness the ceremonies incident to this installation.

Centennial chapter has been organized a year and a half, and has been "under dispensation" during that time, until the securing of the charter. The members have done some active work in behalf of the order, and its original 30 members has been increased three-fold.

GROTESQUE INITIATIONS

CANDIDATES ARE BEING PUT THROUGH PACES IN WEIRD FASHION—PUEBLO STUDENTS HERE TO ASSIST.

[illegible] Cutler academy [illegible] appeared at classes yesterday morning [illegible] [illegible] attended on time.

The [illegible] of initiation [illegible] the student [illegible] which they have been guilty of during the last few days, has attracted attention and much speculation around the college campus. The mystery has been cleared up and investigation has come out that George Anderson, Buchanan, Walter Graham and Henry Hoffman are now full fledged members of the Sigma fraternity of Cutler academy.

The fun and speculation commenced last Friday when Anderson and Graham appeared with four painted eyes as the result of a spirited exhibition of wrestling with each other on the way little bout between the four was over they promptly left the campus and nothing more happened until Saturday night.

Wearing Wrappers.

Then early in the evening some young men, dressed in the most grotesque of costumes, appeared in the neighborhood of the college campus. Some were [illegible] in bright red [illegible] [illegible] and other striking paraphernalia while others were forced to appear in public, dressed in wrappers and other apparel that is generally considered belong to the weaker sex. These were kept in this attire for a period of several hours, and a serenade to the young ladies of Montgomery hall was a part of the evening's program.

The Contemporary society reported a reception to the young ladies of the college Saturday evening at Tejkane hall, but it was in this function that the young men were compelled to go in all their red glory. Refreshments were being served at the time they made their debut in the parlors and as soon as the directors on the outside found this out, the candidates were hustled from the building to be put through other trials less pleasant. Finally, they were left the choice of walks, and were assigned to several other tasks.

Auto Ride Sunday.

It had been planned by the fraternity members to give the [illegible] some interesting little "stunts" on the campus yesterday [illegible] off with Saturday night's frolic, and submitted to the Sigma fraternity.

Sunday afternoon, however, they were treated to an automobile ride to Manitou, the Garden of the Gods, Glen Eyrie and around the town.

[illegible] and members of the fraternity, came up from Pueblo to assist in the initiation of the [illegible] pledges into the Sigma fraternity with the [illegible] ceremonies.

The Sigma fraternity is the only secret fraternity in the academy, and first came into existence about a year ago.

SOPHS PLAY WAITING GAME

Twice Foiled, They Will Not Give Up.

AFTER FRESHIES SCALPS

CLASS SPIRIT AT COLORADO COLLEGE IS BEING EXPRESSED IN HUMOROUS WAYS JUST NOW.

Where and when will the freshmen hold their first party?

That is the question that has been puzzling the sophomores ever since the freshmen held their first meeting two weeks ago, and in the meantime only one of the question they have been twice foiled, and twice have the freshmen had the laugh at their friends' expense.

At their first meeting, the sophomores decided to hold their party a week from the following Saturday. The next week became public property, but the sophomores received the wrong impression.

A hand-bill appeared the week following, which was a week from last Saturday night, on the college campus, and spread a few previous days of the [illegible] freshmen and their party. But it was not to be found, and the sophs finally reached the end, conclusion that they were a week too previous.

Last week the lower classmen had another meeting and it was announced, for several reasons, that the party would have to be indefinitely postponed. They took no pains, however, to spread the news, and last week's Tiger came out with the announcement in the week's calendar, "Saturday—Freshmen party, time and place unknown." Accordingly, another band of sophs began to congregate on the campus around the halls and gym where the rogues are usually had, but the ambitious coyotes were again to be disappointed. The freshmen were not there, and the presiding genie again broke up, with threats to chase it the next morrow and give the freshies another dose of last Wednesday night.

VANDALISM WILL NOT BE TOLERATED

DETECTIVE HAS BEEN ENGAGED TO CATCH OFFENDERS, WHO WILL BE PUNISHED TO FULL EXTENT OF THE LAW.

Since the Gazette, in an editorial of August 29, called attention to acts of vandalism committed by tourists in the Garden of the Gods, Williams canon and other scenic spots, the chamber of commerce has been prosecuting a vigorous investigation with most complete.

It is now learned that not only have people been guilty of vandalism in the Garden of the Gods, which was again refuted to by the Gazette of September 29, but that people living in Colorado Springs are guilty of similar offenses.

Rocks in the Garden of the Gods have been marked and defaced, and shrubbery and small trees destroyed and [illegible] injured. 30 young trees which had been planted in Mushroom park by General Palmer have been uprooted and planted in a private yard.

For the purpose of finding out who are the guilty ones in these acts of vandalism, the chamber of commerce has engaged a special detective and anyone caught defaming the scenery in the Pike's Peak region will be dealt with to the fullest extent of the law. Since the Gazette's editorial on the subject, hundreds of citizens have visited its sentiments and urged the distant and vigorous punishment of all offenders.

HONOR CONFERRED FOR THIRD TIME

ILLINOIS COLLEGE BESTOWS DEGREE OF LL. D. ON PRESIDENT SLOCUM — DELIVERED IMPORTANT ADDRESS IN ST. LOUIS.

For the third time, President William F. Slocum of Colorado college has been signally honored by the conferring on him of the degree of LL. D. The degree was bestowed upon him by Illinois college, at the celebration of whose fifty-fifth anniversary he delivered one of the principal addresses last Thursday. The address was on the "Growth of the American College as a District Institution." The other distinguished educators who were thus honored were President Benjamin Ide Wheeler of the University of California; President William Rainey Harper of the University of Chicago; and President Cyrus Northrop of the University of Minnesota.

FRANK DANIELS IN "THE OFFICE BOY."

Frank Daniels, the clever comic opera comedian, who is so deservedly popular with the American public and is a great favorite in this city, will offer at the Opera house this evening his musical farce, "The Office Boy," which is now in its second season. The author of the book is Charles B. Dillingham, who, for many years managed the fortunes of Julia Marlowe and who now controls the fortunes of the comic opera star, Frank Daniels. Maude Elliott, Felix Salzer, Lulu Glaser and Louis Mann. Mr. Dillingham is said to have provided Mr. Daniels with a supporting company of superior size and excellence, and a production that is lavish and artistic. The author of "The Office Boy," B. Harry B. Smith, who has given to the lyric stage of many comic opera successes. Mr. Smith was the author of Mr. Daniels earlier farce, "The Wizard of the Nile," and "The Idol's Eye," and his association with the popular and irresistibly humorous comedian in the funny little comedian and finding him, it is said, so perfectly fit for Daniels' personality in the character which he has drawn for him in "The Office Boy." The new piece has received much praise for its musical score, which is by Ludwig Engelander, and is said to contain a variety of catchy music more than enough to musical excellence. The piece made its first appearance in New York last spring, where it was one of the sensational successes of the season.

HAVERLY'S BIG MINSTRELS.

Charles Haverly's big minstrels will give two performances. Matinee at 2:30 and in the evening at 8.

BECOMING A MOTHER is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipations of the coming event, and casts over her a shadow or gloom which cannot be shaken off. Thousands of women have found that the use of **Mother's Friend** during pregnancy robs childbirth of all pain and danger, and insures safety to life of mother and child. This scientific liquid is a godsend to all women at the time of their most critical trial. Not only does **Mother's Friend** carry all safely through the perils of child-birth, but its use greatly prepares the system for the coming event, prevents morning sickness and other discomforts of this period. Sold by all druggists.

EXONERATED BY CORONER'S JURY

DEATH OF MRS. R. A. CURTIS, WHO WAS KILLED NEAR VICTOR SATURDAY, IS DECLARED NO FAULT OF RAILROAD.

Special to the Gazette.

Victor, Sept. 26.—An inquisition was held today into the death of Mrs. R. A. Curtis, who was killed Saturday by a Midland passenger train. The inquest began at 2:30 p. m. and concluded at 4:30 p. m. Several witnesses testified and their testimony greatly differed. Two of them testified that there was no warning signal while the other five testified that the bell was ringing and the whistle was blowing for the crossing. After a few moments deliberation the jury brought in the following verdict:

We, the jury, find that the deceased, Mrs. R. A. Curtis, came to her death on September 24, 1904, by being struck by an engine and that said accident resulted from her own carelessness. We further find that the railroad company is in no way to blame in the premises and all concerned is hereby exonerated.

SHERIFF'S SALE TO SATISFY JUDGMENT

Special to the Gazette.

Cripple Creek, Sept. 26.—In the office of the county clerk and recorder today a sheriff's certificate of sale involving two city lots was filed. The property was levied upon and sold to satisfy a judgment of $1,000 and costs in favor of E. T. Newcomb vs. J. T. Lockwood, a member of the jury of the State Investment company, on the property of the Enterprise G. M. Co. and filed. The judgment for which the levy is made is for the sum of $14,722.81.

Rock Island, Ind.

Messrs. Ely Bros.—I have been a great sufferer from catarrh, and hay fever and tried many things, but found the permanent relief until I found it in Ely's Cream Balm about eight years ago, and we have been free from it ever since.—Rev. D. M. Bullock.

Messrs. Ely Bros.—Find enclosed 50 cents, for which send me your Cream Balm. I find your remedy the quickest and most permanent cure for cold in the head, catarrh, etc. Yours truly, Dell M. Potter, Gen. Mgr. Arizona Gold Mining Co.

TO ST. LOUIS.

Two trains every day are run by the Burlington route over its own rails into St. Louis. Chair cars, sleepers and dining cars. CONSTITUTIONAL AMENDMENTS.

Notice is hereby given that at the general election to be held on the eighth day of November, A. D. 1904, there will be submitted to the qualified electors of the state of Colorado the question of amending the constitution of said state.

The authority for submitting such question is found in senate bill No. 9, which is, in words and figures, following, viz:

SB. B. No. 9, by Senator Taylor.

AN ACT

TO SUBMIT TO THE QUALIFIED ELECTORS OF THE STATE OF COLORADO AMENDMENTS TO SECTIONS FIVE (5), SIX (6), SEVEN (7), AND EIGHT (8), OF ARTICLE SIX (VI) OF THE CONSTITUTION OF THE STATE OF COLORADO, CONCERNING THE SUPREME COURT.

Be It Enacted by the General Assembly of the State of Colorado:

Section 1. There shall be submitted to the qualified electors of the state of Colorado, at the next general election, for their approval or rejection, the following amendments to the constitution of the state of Colorado, which, if adopted by a majority of those voting thereon, shall be valid as a part of the constitution. That is to say: Section five (5) of article six (VI) of the constitution of the state of Colorado shall be amended to read as follows:

Sec. 5. The supreme court shall consist of seven judges, who may sit en banc or in two or more departments as the court may from time to time determine. In case said court shall sit in departments, each of said departments shall have the full power and authority of said court in the determination of causes, the issuing of writs and the exercise of all powers authorized by this constitution, or provided by law, subject to the general supervision of the court sitting en banc, and such rules and regulations as the court may make, but no decision of any department shall become the judgment of the court unless concurred in by at least three judges, and no case involving a construction of the constitution of this state or of the United States, shall be decided except by the court en banc.

Sec. 2. Section six (6) of article six (VI) of the constitution of the state of Colorado shall be amended to read as follows:

[illegible]

Sec. 3. The term of office of the [illegible] of the supreme court hereafter elected, [illegible] shall be six years.

Sec. 4. That section eight (8) of said article six (VI) of the constitution of the state of Colorado shall be amended to read as follows:

[illegible]

Sec. 5. The term of office of the judge of the supreme court hereafter elected, [illegible] shall be ten years.

Sec. 6. That section seven (7) of said article six (VI) of the constitution of the state of Colorado shall be amended to read as follows:

[illegible]

Sec. 7. The term of office of the judge of the court of appeals whose term expires in April, 1906, shall be [illegible]

[illegible]

Approved, April, 1904.

In testimony whereof, I have hereunto set my hand and affixed the great seal of the state of Colorado, at the city of Denver, this 21st day of September, A. D. 1904.

JAMES CRAIG,
(Seal) Secretary of State.
